Optimize energy performance

Energy & atmosphere
Credit | Up to 18 points

Green power and carbon offsets

Energy & atmosphere
Credit | Up to 2 points

Building life-cycle impact reduction

Material & resources
Credit | Up to 5 points

Building product disclosure and optimization - environmental product declarations

Material & resources
Credit | Up to 2 points

Low-emitting materials

Indoor environmental quality
Credit | Up to 3 points

Thermal comfort

Indoor environmental quality
Credit | 1 point

Acoustic performance

Indoor environmental quality
Credit | 1 point

Enhanced acoustical performance - exterior noise control

Pilot credits
Credit | 1 point
